CLUB MEETING

The next meeting is April 5, 2005 in Gander Mountain Lodge room. Meeting begins at 7PM sharp. The election committee has list of officers for the coming club year. There can nominations added from the floor. Election is after all nominations are second voted on. You can also write-in any one. The election is secret written ballot.

CLASS

At the last club meeting, I said I would put on a electron class from beging to advanced. If there is enough interest, it could last 6 months to over a year. At the April 5 meeting will this;

Introduction

Course outline

material you will need

There will be a demonstration of most of the itmes in the course. i can not demonstrate all the RF & radio circuits as I do not have no longer the signal genorators to show.

First; instrouctions

Second: Batterie & DC

Good luck, 73's n5vo
