---

145.390 REPEATER

The repeater took an apparent lightning strike. It will be down for about a month or more. The Wednesday night net on 145.390 will be on 145.290 repeater at 9PM.

FIELD DAY 2007

It just about a month away and one who plans to attend should double check their equipment now and not at Field Day. The location is still old Corsicana High School Tiger Field on West Highway 31, toward Waco.
