WEDNESDAY NIGHT NET

After 10 years of being on the 145.390, Mexia repeater, I am moving it back to the Corsicana repeater, 145.290. Doc, KC5FRV has it on '39 because of the traffic and phone patch on the 145.29. There was a lot of traffic on i-45 and other highways, back then.

FIELD DAY 2008

So far, I don't where we will be this year. Corsicana new Football Statuim has been rules out. Too much cement. Two (2) sites remain, Rice football and Wortham. Rice is newer and we get the concessions stations and lighted bath room. It is going to be more work this year than years in the past. Both footballs have no way to be climbed.

We will have the pot luck supper and early breakfast. public has always been invited.

Any comments or ideas, call Doug Smith, ke5cdk, Mary, ke5fgu and Kim and Joe Roe.
