RAGCHEW

August 9, 2011 Morris n5vo Editor, Box 2 Chatfield, Texas 75105-002 Club address Box 195, Corsicana, Texas 75105

FD

I was surprised about contacts. At 614 ft above sea level, I would thought the signals would have been better. I all my 15 years of FD, I have never seen any two to be the sane. I have been to Bob Ray's QTH twice, but never been at the 145.39 tower. The radio was at one time, in Bob's garage

CLUB HOUSE

With very little help at the same time, it has been cleaned and painted. I have no idea what is next on their list.

CLUB MEETING

Club meeting is scheduled for Thursday August 11 @ American Red Cross, West second avenue, Corsicana, Texas.

All members are asked to attend and visitors are always welcomed.
